API Endpoints

To communicate with the Payment API URL access points with web services, the links are listed below.

WSDL

The wsdl must be downloaded locally on the trader's IS, and must not be requested for each payment request.
The WSDL description files for the Payline webservice SOAP API are available from the links below:

Sandbox :

- *https://homologation.payline.com/V4/services/WebPaymentAPI?wsdl*
- *https://homologation.payline.com/V4/services/DirectPaymentAPI?wsdl*
- *https://homologation.payline.com/V4/services/ExtendedAPI?wsdl*

Production :

- *https://services.payline.com/V4/services/WebPaymentAPI?wsdl*
- *https://services.payline.com/V4/services/DirectPaymentAPI?wsdl*
- *https://services.payline.com/V4/services/ExtendedAPI?wsdl*

SOAP ENDPOINTS

EndPoint web services:

- *Sandbox:*
  - *https://homologation.payline.com/V4/services/WebPaymentAPI*
  - *https://homologation.payline.com/V4/services/DirectPaymentAPI*
  - *https://homologation.payline.com/V4/services/ExtendedAPI*

- *Production :*

Authentification par clé d'API	Authentification par certificat client
https://services.payline.com/V4/services/WebPaymentAPI	https://services-cc.payline.com/V4/services/WebPaymentAPI
https://services.payline.com/V4/services/DirectPaymentAPI	https://services-cc.payline.com/V4/services/DirectPaymentAPI
https://services.payline.com/V4/services/ExtendedAPI	https://services-cc.payline.com/V4/services/ExtendedAPI

WIDGET

JavaScript resource access points Widget:

- *Sandbox:*   *https://homologation-payment.cdn.payline.com/cdn/scripts/widget-min.js*

- *Production :*   *https://payment.cdn.payline.com/cdn/scripts/widget-min.js*

Access points for CSS resources:

- *Sandbox:*   *https://homologation-payment.cdn.payline.com/cdn/styles/widget-min.css*
- *Production :*   *https://payment.cdn.payline.com/cdn/styles/widget-min.css*

Ajax API Service Access Points:

- *Sandbox :* [*https://homologation-webpayment.payline.com/webpayment/getToken*](https://homologation-webpayment.payline.com/webpayment/getToken)
- *Production :* [*https://secure.payline.com/webpayment/getToken*](https://secure.payline.com/webpayment/getToken)
